

TWENTY-FIRST YEAR

EARLINGTON, HOPKINS COUNTY, KY., FRIDAY, DECEMBER 9, 1910

No. 72

NEW QUARTERS FOR EARLINGTON TRAIN DISPATCHER'S OFFICE.

Top Floor of Peoples Bank Building Has Been Rented for Early Transfer.

THREE ADDITIONAL COPY-
ISTS ARE TO BE ADDED

Assistant Superintendent Will
Have Sub-Office Here.

EARLINGTON'S IMPORTANCE AS
COAL PRODUCER EMPHASIZED

Modern Telephone System Has Just Been
Installed for Dispatching Trains.

The train dispatcher's office of the Henderson division of the Louisville & Nashville railroad, which has been at this place ever since many years ago when a coal famine struck the country and a coal blockade struck Earlington, are going to be moved into more commodious quarters—over the People's bank—and will occupy the entire top floor of that building, except a small room that will be reserved for use as a sub-office by Mr. M. Devney, assistant superintendent, whose headquarters will remain as now, at Evansville, but who will spend part of his time at this place, practically the traffic center of this division, as a matter of convenience to himself and facility to his office in handling the heavy operations of the Henderson division.

Steve Mothershead, Mr. Devney's chief clerk, will remain at the Evansville office, where two additional men will be employed. Mr. Devney was here Monday completing the arrangements for the change.

Three additional copyists will be added to the present dispatcher's force when the change is made, which will be made quickly.

The old quarters have grown too small to take care of the business that must be handled, and will be used in future partly for storage of supplies.

The new rooms will be much more comfortable as well as commodious and the force will escape the locomotive smoke that often fills their present quarters in the depot, and other unpleasant conditions.

In this change Earlington's supremacy as a coal traffic center and her pre-eminence as a producer of large coal tonnage are again emphasized, and the fact is again demonstrated that Earlington is the natural center of general traffic on the Henderson division.

Earlington has been at the front all the time; but then, you know, there were some of our friends at home and near home who would not believe it, in spite of the fact that The Bee has insisted all along that no harm would come to this busiest of coal and railroad towns. If there be yet any doubters let them take heart while they read.

The rooms now occupied by the dispatchers in the second story of the depot will be used for storage of supplies in part. Supervisor Henry will continue to occupy rooms on that floor.

Dispatchers handling the north and south trains, Earlington to Howell, have been dispatching trains by telephone for the past week, with some interruptions caused by the newness of the service. Beginning at midnight Friday

of last week this telephone service was used without interruption until Monday midnight, and the system will soon be perfected so that interruptions will rarely occur.

This telephone plant will now have to be re-installed in the permanent quarters over the bank.

The telephone system will not be extended south of Earlington until after the new roadbed to the south has been completed next year.

This telephone system is less likely to be disabled by wire trouble than the telegraph service and is perhaps a little quicker in its operation, besides putting the dispatcher and operator in closer personal touch.

Through a system of "selectors" the dispatcher is able to call any office on the line without sounding the call in any other office, and the dispatchers have very perfect control of the service in other ways.

The people of Earlington welcome the suggestion of permanent conveyed by the establishment, at this time, of these railroad offices in these commodious and well equipped offices, in the existing circumstances.

Madisonville Notes

Tuesday Afternoon Literary Club.
Mrs. E. L. Young beautifully entertained the Thursday afternoon Literary Club at their regular session, Dec. 1st at her home in East Center street.

The interior of the home was attractively decorated in red, carnations, poinsettias, and ferns. The shades were closely drawn, and each tiny electric light bulb was hooded in a Poinsettia globe.

The program was well rendered throughout. Mrs. Fred Reinecke the Leader of the Afternoon, ably mastered the "Construction of a New Nation," which was followed by a paper on the "New England Poets" by Mrs. Frank Rash, being most excellent article. Miss Anna Gannett Tate then told the story of Blenheim.

During the social hour a most elegant Luncheon was served in three courses, by the hostess, assisted by Miss Laura Isabelle Lafoon.

At the home of Misses Inez and Francis Elgin in this city on Friday evening Dec. 9th, will be given by the "S. G. S." Club, a most unique entertainment, for the benefit of the Foot-ball team.

The invitations were sent out in the form of tiny poems, telling the time, place and purpose of the affair, which will be in every detail exceedingly clever.

D. H. Kinchloe delivered the Address at the Elks Memorial Service in Owensboro Sunday afternoon, December 4. His subject being "Fraternalism." Mr. Kinchloe is much loved by the Owensboro people and on this occasion the Grand Opera house packed to over flowing. Mesdames Wm. Ross, Clyde Raby and Head, of Madisonville, were gorgeously entertained in Evansville during the past week, while there the guests of Mrs. Clifford Shoppell.

Sheriff J. B. Stanley was in White Plains Saturday on a short business trip.

GLAD HAND TO OUR NEW MAYOR

Henry C. Bourland Elected to
Unexpired Term of James
R. Rash.

C. M. Henry and Frank D. Rash, Councilmen, and Policeman Hamby Sworn.

It is Mayor Henry C. Bourland now and Henry's friends have been very cordially welcoming him to our city. His election Monday night by the City Council to fill the unexpired term of the now ex mayor, James R. Rash, was no surprise, for he has been the favorite in the list of mayoralty possibilities since Mr. Rash tendered his resignation a few months ago. Under the law a vacancy in the office of mayor is to be filled by election of a member of the city council.

Mr. Bourland, who has been a member of that body for several years, is succeeded by Frank D. Rash, who was elected Tuesday evening to that position.

C. M. Henry was elected at a previous meeting to fill the unexpired term of W. S. Bramwell, who recently resigned to Nashville.

Clarence Mitchell's resignation as night chief of police was also acted upon and J. B. Hamby, who has for some time been acting in that capacity, was formally elected to the position. All these were sworn in Tuesday night and entered upon the performance of their duties.

COMFORTING WORDS

Many an Earlington Household Will Find Them So.

To have the pains and aches of a back removed is to be utterly free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Earlington readers.

R. H. Buck, South Franklin St., Madisonville, Ky., says: "Doan's Kidney Pills, in my opinion, are an excellent remedy for kidney complaint and backache. I was never seriously troubled, but about nine months ago I was taken with an attack of backache, caused I think, by a strain from heavy lifting. When I saw Doan's Kidney Pills advertised, I decided to give them a trial and procured a box. They proved very satisfactory, removing my trouble in a short time. Later there were symptoms of a recurrence, but I again used Doan's Kidney Pills and as before they relieved me promptly."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

P. and this lodge will have charge of the ceremonies. He leaves a wife and one son to mourn his loss.

SCHOOL ENTERTAINMENT IS SUCCESS

Packed House Pleased Last Night at Temple Theatre.

SNRG FUND NOW IN HAND FOR SCHOOL LIBRARY.

The entertainment given by the pupils of the Graded School at the Opera House Thursday night was undoubtedly one of the best that was ever given of its kind in Earlington. The children acquitted themselves well and very few mistakes were made in the complicated drills. Each number was greeted with generous applause and the large audience thoroughly enjoyed all of the exercises. The principal and teachers of the school certainly deserve credit for the training given the children.

There were many encores, but no responses save in one instance, in order to keep the program within a good time limit. The children did well, from the primary grades to the oldest. The costuming was excellent throughout and the character parts well done. There were solos, duets, quartets, and choruses, negro and Indian part, and some very pretty drills. Of the faculty, Miss Weir sang a solo, and Miss Murrell read to selections, one which was Hiawatha which was acted in beautiful tableaux by Connie Fenwick, Ethel Oldham, Lucian Vinson and Guy Peyton. The proceeds of the entertainment are to go for purchase of new books for the School Library, which fund has now grown to a snug amount. The gross receipts of the evening were sixty five dollars and some cents. This will be added to the birthday offerings recently taken at the school, which amounted to something more than fifty dollars. Prof. Dudley will purchase a desirable selection of books with these funds.

Steel Trust Leader A Business Optimist.
New York, Dec. 6.—Elbert H. Gary, chairman of the United States Steel Corporation, today authorized a denial of reports received here from Pittsburgh and other industrial centers which intimated the curtailment of operations and the discharge of thousands of employees is contemplated by the corporation.

"There is no reason to look for the discharge of a number of men," he said, "in my opinion the trade outlook today is better than it was last August."

MAJORITY EXHONER ATE BALLINGER

Say Evidence Has Wholly Failed to Make Out a Case.

Washington, Dec. 7.—Exonerating Secretary of the Interior Ballinger on all the charges brought against him on condemning his accusers as having been inspired by a deep feeling of animosity built upon a supposed difference in policy respecting conservation, a majority of the congressional committee which investigated the Ballinger-Pinchot case today submitted its reports to Congress.

After stating that the evidence presented relied in the main to charge of various kinds against Mr. Ballinger and that these came chiefly from two sources—L. R. Glavis and Gifford Pinchot—the majority announced the following conclusion:

"The evidence has wholly failed to make out a case. Neither any fact put together exhibit Mr. Ballinger as being anything but a competent and honorable gentleman, honestly and faithfully performing the duties of his high offices with an eye to the public interest."

Announcement.
Madisonville, Ky., Dec.—2, 1910. To all ambitious young people of Hopkins County:

The next term of the Madisonville High School will begin January 2, 1911. The next examination for Common school diplomas will not be held till January 27 and 28 1911.

To enable you to begin your work with our regular classes on January 2, we are offering you FREE TUITION for January. We do this because it discourages our classes when pupils enter late, and such pupils cannot do the required work of the second term.

You all are aware of the excellent standing of our High School throughout the entire State. Our football team is the champion of Western Kentucky; our orators and debaters are winners; our graduates are leaders of the colleges they enter. We can prove our statement.

No distinction is made between our local students and those from the county. We are all one great body.

We feel sure that such advantages as are yours for the acceptance will appeal to all of ambition. We want no other kind.

We shall be glad to answer any correspondence and to explain any points which may not be thoroughly understood.

A Southern Magazine

Six years have passed since we ventured to publish a Magazine representative of the South and West. Today we stand alone in the light of a successful and progressive literary Magazine, devoted exclusively to the interest of the Southern and Western People. The field which we represent cannot be covered by any other publication, that is why we stand on solid ground. We are instrumentalizing the development of our Southern Industries. We give the people an opportunity to read of what is being done today. This is a brief outline of what the Taylor-Trotwood Magazine is doing. We are satisfied that this is the best one dollar and fifty cent magazine published, but we are not satisfied with our mailing list. You may get other magazines for less than \$1.50, but you can't get the Taylor-Trotwood. It is worth that at least.

THERE IS A REASON

Why it pays to advertise in the SEMI-WEEKLY BEE:

It reaches a large number of wage earners who take no other paper.

It has an almost exclusive circulation in a community where \$50,000.00 in money is paid out each month.

It is read by hundreds of people who buy what they want and who have money to pay for what they buy.

The only way to get your advertisement before the people of Earlington, Morgans Gap, St. Charles and immediate vicinity is through the medium of the Earlington Bee. A hint to the wise is sufficient.

BIG KENTUCKY.

As a whole Kentucky has gained a large, fat 6.6 per cent. of population during the past ten years. Isn't that real nice? Maybe when we quit night riding and lynchings, and taxize people and things "within an inch of their lives," we may grow as much more in the next ten years.

Nurse Says:

"I know what is good for young and old people," writes Mrs. Clara Dystra, a trained nurse of South Bellingham, Wash., "and will say that I consider Cardui the best medicine for girls and women. It makes them feel like new persons, relieves their pain and regulates womanly troubles. Both my daughter and I received great benefit."

Take CARDUI

The Woman's Tonic

As a medicine for female trouble, no medicine you can get has the old established reputation, that Cardui has.

Fifty (50) years of success prove that it has stood the greatest of all tests—the test of TIME.

As a tonic for weak women, Cardui is the best, because it is a woman's tonic. Pure, gentle, safe, reliable. Try Cardui.

CAESAR THE MOLLYCODDLE.

Caesar never had an aeroplane. Never made a date by telephone. Never had to run to catch a train. Never claimed a gold watch as his own.

Caesar never owned a touring car. Never in a taxi had a ride. Never soothed himself with an cigar. Never, through an error, shot a guide.

Luckless Caesar never played football.

Yet he led his legions into France; Poor old mollycoddle, think of it! He might have done or been with half a chance.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied, a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by George King & Sons.

In the Old Kentucky Home.

Simon Bolivar Buckner, once a Confederate General and once Governor of Kentucky, is 88 years old, and, according to his own word, there is no one in the world happier than he. The general is living in a log cabin built 103 years ago by his father. A spring and a fine mint bed are just outside the door, there is a little of Kentucky's "best" within reach, and the general's "old dog wags his tail every time I walk into the front yard." No wonder Simon Bolivar Buckner, 88 years old is happy.

Once on a time this old Kentucky soldier was behind a fort at the door of which, hard knocking for admission, was Ulysses S. Grant, who had been a School mate of the fort's occupant at West Point. If some of the Confederate troops had not been withdrawn, leaving Buckner unprepared to give his visitor's a warm welcome, it is possible that the caller never would have earned the name of Unconditional Surrender Grant. It was a humiliation for the Southerner, and a triumph for the Northerner, but Buckner bore no grudges.

At Mt. Grezior, N. Y., in 1884, Ulysses S. Grant sat on the veranda of a cottage awaiting death with a soldier's stoicism. The front gate opened and Grant saw coming to bid him a last good-bye in life Simon Bolivar Buckner, who had unconditionally surrendered to him years before. The time had come for Grant to surrender unconditionally. The meeting between the old time antagonists was grateful to those who saw it and to the country who heard of it. There was no spirit of sectionalism shown that day in the little New York village.

General Buckner of Kentucky is happy, deservedly happy. "Young man, you can tell everybody in the world that I would not give up this home for the palace of a king," said the soldier, standing at the doorway of his log cabin. Log cabins have produced big men, and Buckner is not one of the least of these.

PLANS ADOPTED FOR NEW CHURCH

(Continued from Page 1)

erably greater seating capacity than the old church and will have, besides the main auditorium, a chapel and two class rooms, making in all an excellent arrangement for the accommodation of the Sunday school. And all will be arranged so that all the rooms may be thrown together.

There will be an entrance on Moss avenue and one on Robinson street, and a basement for heating plant and fuel supply. The structure will be of brick and stucco in old English style of architecture. The main auditorium is square with grained ceiling and will probably be finished in mission style.

The finished building will be simple but handsome and something new in architecture for this section.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Fawcett's Catarrh Cure, manufactured by F. J. Cawcett & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful, it acts directly on the blood and mucous surfaces of the system. They offer him hundred dollars for any case it fails to cure. Tend for circulars and testimonials. Address: F. J. Cawcett & Co., Toledo, O. Sold by Druggists: 75. Take Hall's Family Pills for constipation.

NEW JERSEY ENGINEERS ARE OUTDONE BY BEAVERS

Industrious Little Animals Give Dam-Building Lesson Gratis.

Newark, N. J., Dec. 3.—A tale of how a colony of beavers was able to heap coals of fire on the heads of those who had harmed them comes to this city from Stanhope.

A land company there recently decided to construct an artificial pond in a section which was being developed, and in building the dam to shut off the waters the engineers ruthlessly tore down a dam which had been built at the same spot by beavers.

The engineers' work was completed only a short time ago, and the beavers had remained in seclusion so long that they had been entirely forgotten.

Then one day last week there appeared another and larger dam and before the men awoke to what was going on their new masonry dam was out of sight.

Inasmuch as the beavers have made a larger pond than the engineers had planned, their human enemies are inclined to pass by the slight on their work and accept the gift.

The greatest danger from influenza is its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures Cough, but counteracts any tendency of the disease toward pneumonia. Sold by Geo. King & Sons.

Salient Points in President's Message

Taft Urges Economy, Confidence, Business Peace, Nonpartisan Legislation.

Suggestions that there be a check in legislation regulating business until recently enacted laws have been given a test of application.

Strengthening of confidence by capital in domestic investments held to be needful.

Absence of recommendation for tariff legislation at this session, but suggestion of probability there will be reports from tariff board for consideration of next Congress.

Renewed declaration that revision of tariff by schedule is only method to save country from perils of uncertainty which attend to general revision.

Request that tariff board be converted into permanent commission similar to those maintained by European governments.

Advocacy of nonpartisan and disinterested study of banking and currency system on theory that this is not partisan, but a national problem.

Conservation legislation making possible reservation of more forest lands, and leasing of coal and mineral lands and water power sites with proper safeguards for people's rights.

Fostering of merchant marine by mail subsidy or other subvention.

Extension of civil service in consular and diplomatic service, and also to include first, second and third class postmasters.

Erect public buildings only on recommendation of commission of government experts.

System in management which will insure economy in expenditures held to be government's imperative need.

Restrict activities of federal Supreme Court to expounding the fundamental law.

Fitting recognition of Lieutenant Robert E. Perry for his discovery of the North Pole.

What Legend New York paper re think of President Taft's message is shown in these excerpts from the editorial columns:

WALL STREET JOURNAL:—The document should convey reassurance to every active business man. Whatever the surface criticism of a weak speculative position may be, the country will be well satisfied with the President's account of his stewardship.

HERALD:—It is a message of rest and peace.

TRIBUNE:—The tone of the message is admirable.

AMERICAN:—The tone of the President's message is admirable. It meets fully and frankly with subject concerned, and contains no dark corners of subterfuges. Without bluster or subtlety it sets forth the state of the country, and reflects the confidence of the people.

ST:—It involves no aggrandizement of the executive at the expense

of the other departments. It trenches not at all upon the province of the legislature. It leaves the judiciary in the unimpaired exercise of its functions.

WORLD:—Exceeding matter of fact in every paragraph, a pleasing sentiment nevertheless pervades the present message. Business and industry will be interested in the fact that no changes of importance are proposed in the interstate commerce and anti-trust laws.

TIMES:—For nothing in his message will the American people be so profoundly grateful to President Taft as for the concluding words, embodying the policy of moderation and of wisdom to which his administration is committed. In these last eight years we have read nothing like that in the President's message.

Ends Winter's Troubles.

To many, winter is a season of trouble. The frost-bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Buckle's Airedale. A trial convinces. Great healer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 50c at all druggists.

They Are Taken From Hopkinsville to Eddyville for Trial—Feeling Against Accused Very Bitter.

The men are Bart and "Stunk" Overmore, Alonzo Gray, Vilas Mitchell, Frank Murphy and Roy Merriek.

It is charged they were implicated in a plot to kill Cooper and other witnesses in the night rider trials.

There was a bitter feeling against the accused in this (Lincoln) county, and they have been in the Hopkinsville jail ever since the murder of Cooper, to frustrate any possible plan to lynch them.

GUERRILLA LEADER, COL. MOSBY, TALK IN CONNECTICUT

Is 77 Years Old and Is Proud of His Republican Record.

New Haven, Conn., Dec. 6.—Colonel John Singleton Mosby, the guerrilla leader, whose activities in Northern Virginia were a factor in delaying the final result of the civil war, celebrates 77 birthday here today.

He came all the way from his Virginia home to eat his dinner with friends in New Haven. The southern students at Yale gave him a reception at the university club last night.

Proud of Republican Record.

Colonel Mosby is very proud of his record as a Republican. He has voted for every republican presidential candidate since Lincoln.

"Moreover," he adds, "I have known personally every President since Tyler, and President Taft is the most popular of them all. I have never known a President who was subject to so little criticism."

"Just look the reception the people at Richmond gave me after they visited them. No other Republican President ever got such a fine send off in the South. The people below the Mason and Dixon line are very proud of him."

Fort Thomas, Ky., to be Abandoned.

Washington, Dec. 8.—R. representative Nicholas Longworth and Mayor Schwab, of Cincinnati, headed a delegation which called on President Taft to day to urge that Ft. Thomas, Ky., be abandoned as one of the important army posts of the country.

The President did not give his call, much to the disappointment and it is probable that Ft. Thomas will be abandoned.

Many persons had themselves attacked with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run on until it becomes troublesome. Sold by George King & Sons.

We wish to announce to the public that we have opened a Feed Store and Livery Stable in Earlington and we respectfully ask for a fair share of your patronage. The office of the Livery Stable and our Feed Store is in the Victory Building on Main street, in the room formerly occupied by Coy's barber shop, where we will be glad to have our friends call on us.

As we purchase our feed stuff in carload lots, we can save you money on

Flour, Meal, Bran, Corn, Oats, Chops, Chicken Feed, Clover, Timothy, Pea Hay and Straw.

Our livery department is up-to-date and good rigs will be furnished promptly day or night. We will also make a specialty hauling coal.
